My organisation plans to work with other supporting organisations that are not going to host our participants, but are going to help with the implementation of activities.

Yes

Supporting Organisations

A supporting organisation is an organisation assisting your organisation in practical aspects of project implementation that do not concern core project tasks (as defined in the [Erasmus quality standards](#))

Any organisation active in education and training can become a supporting organisation.

The role and obligations of supporting organisations must be formally defined between them and your organisation. The supporting organisation can only act under the supervision of your organisation.

Your organisation remains ultimately responsible for the results and quality of implemented activities, and for ensuring that contributions of supporting organisations must comply with the Erasmus quality standards.

Important note: if you are considering working with a supporting organisation, make sure that you understand very well the concept of 'core tasks'. If you receive a project grant, then this grant is for your organisation. A supporting organisation can assist you with practicalities, but it cannot take over the running of the project, it cannot take part in the drafting of the application, it cannot have access to any Erasmus+ IT system, etc. Breaching the rules on core tasks is a serious offence and can result in your project being terminated or your grant reduced.

Hosting organisations that provide learning content and mentoring to your participants are not considered supporting organisations, unless they are at the same time supporting you in your other project management activities.

Please identify the planned supporting organisations here. You can use an Organisation ID to fill in all the information instantly, or you can provide the needed information manually.

How are the supporting organisations going to help with the implementation of your project ?

Erasmus Plan

Objectives

The following is the list of Erasmus Plan objectives linked to your accreditation. Please consider these objectives carefully when requesting your activities in the next section. Above all, you should make sure that the activities you request can contribute to achieving your Erasmus Plan objectives - this will be one of the key criteria for evaluating the implementation of your activities and your accreditation.

Objectives

Objective 1 : Aggiornare e potenziare le professional skills dei docenti attraverso l'approfondimento di nuovi metodi e strategie didattiche, quali il "Debate formativo".

Objective 2 : Formare i docenti nell'ambito della metodologia CLIL per lo sviluppo e l'attuazione di percorsi didattici multilingue.

Objective 3 : Potenziare l'impatto delle tecnologie digitali nelle attività di insegnamento attraverso l'attuazione di laboratori interdisciplinari sulle metodologie STE(A)M.

Objective 4 : Potenziare le competenze metodologiche del Dirigente Scolastico in ordine alla gestione, organizzazione e amministrazione della Scuola e dei partenariati europei.

Objective 5 : Aumentare la visibilità della Scuola incrementando il numero di collaborazioni con Istituzioni Scolastiche europee con le quali formare network.

Objective 6 : Diffondere tra le Scuole del territorio la cultura dell'internazionalizzazione scolastica, dell'innovazione, dell'aggiornamento e della formazione del personale scolastico.

Activities

List of activities

How does the budget request work?: The figures that you provide here will be used in the scoring of your budget request and will serve as your targets for implementation. If the National Agency is not able to provide budget for all of the requested activities, the targets included in your grant agreement will be adjusted accordingly. At the end of the grant agreement, your results will be evaluated based on the agreed target figures. For this reason, it is very important to make the most realistic request possible.

At the same time, flexibility is an important feature of the accreditation system. During implementation, the actual number of participants and duration of activities can change. The key principle to keep in mind is that you should always make full use of the grant provided by your National Agency and that you should be able to explain your implementation decisions in relation to your Erasmus Plan objectives.

Please choose the types of activities you would like to implement in your project and complete the following table with the number of participants, duration and other information.

Before completing this table, make sure that you are familiar with rules of each activity type as presented in the Erasmus+ Programme Guide. It is best to complete the table with the Programme Guide open.

| Activity type | Number of participants | Total duration (in days) | Average duration (in days) | Number of accompanying persons | Total duration (in days) for accompanying persons | Average duration (in days) for accompanying persons | Total number of persons taking part in preparatory visits |
|----------------------|------------------------|--------------------------|----------------------------|--------------------------------|---|---|---|
| Job-shadowing | 8 | 120 | 15 | 0 | 0 | 0 | 0 |
| Courses and training | 8 | 120 | 15 | 0 | 0 | 0 | 0 |
| Total | 16 | 240 | 15 | 0 | 0 | 0 | 0 |

Activity details

| Activity type | Number of participants | Number of participants with fewer opportunities | Number of participants in blended mobility activities | Number of persons using sustainable means of transport (green travel) |
|----------------------|------------------------|---|---|---|
| Job-shadowing | 8 | 0 | 0 | 0 |
| Courses and training | 8 | 0 | 0 | 0 |
| Total | 16 | 0 | 0 | 0 |

Exceptional costs and inclusion support for participants

In this section you can request Exceptional costs and Inclusion support for participants. As opposed to standardised unit costs applicable for other types of costs, these budget categories are funded based on actual expenses. These non-standard costs require specific description and justification in order to be approved. Before making a request, please read the funding rules in the Programme Guide to make sure the type of expense you are requesting is eligible.

| Cost type | Activity type | Estimated number of participants requiring support | Description and justification | Estimated cost (EUR) | Support rate (%) | Eligible amount (EUR) |
|-----------|---------------|--|-------------------------------|----------------------|------------------|-----------------------|
| Total | | | | 0,00 | | 0,00 |

EU Values

The Erasmus+ programme's implementation, and therefore, the programme beneficiaries and the activities implemented under the programme, have to respect the EU values of respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities, in full compliance with the values and rights enshrined in the EU Treaties and in the EU Charter of Fundamental Rights.

Article 2 of the TEU: The Union is founded on the values of respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities. These values are common to the Member States in a society in which pluralism, non-discrimination, tolerance, justice, solidarity and equality between women and men prevail.

Article 21 of the EU Charter of Fundamental Rights: 1. Any discrimination based on any ground such as sex, race, colour, ethnic or social origin, genetic features, language, religion or belief, political or any other opinion, membership of a national minority, property, birth, disability, age or sexual orientation shall be prohibited. 2. Within the scope of application of the Treaties and without prejudice to any of their specific provisions, any discrimination on grounds of nationality shall be prohibited.

Subscribing to EU Values

I confirm that I, my organisation and the co-beneficiaries (where applicable) adhere to the EU values mentioned in Article 2 of the TEU and Article 21 of the EU Charter of Fundamental Rights

I understand and agree that EU Values will be used as part of the criteria for evaluation of the activities implemented under this project
